

## *Company Presentation*

Our company Bioticom, contract Manufacturer of dietary supplements has been serving the customers since 2008.

We put product quality first, as evidenced by the **ISO 9001:2015 Quality Management System** we have implemented.

Product range we offer as ready to market comprises:

- ✓ soft and hard capsules,
- ✓ tablets (coated and uncoated),
- ✓ sachets or powder,
- ✓ syrups;

made upon customers' recipe or designed by us following customer's request.

Out of them our most recognizable achievements are within:

- ✓ probiotics in drops for infants / kids / adults,
- ✓ Vitamin D or Vitamin C in drops for infants/ kids,
- ✓ Dietary supplements for healthy and strong joints; eyes; for properly functioning digestive system; prostate and urinary system; for right blood circulation and proper lever of cholesterol; products with fish oil - Omega 3 and multivitamins.

Our MOQ for single batch is as follows:

- ✓ 1 200 000 pcs of soft capsules,
- ✓ 1 000 000 pcs of hard capsules,
- ✓ 600 000 pcs of tablets (coated and uncoated),
- ✓ 300 000 pcs of sachets or powder,
- ✓ 23 000 pcs of syrups of capacity 10 ml,
- ✓ 12 000 pcs of syrups of capacity 100 ml.

Our projects are made basing on our experience, but we can also design product following Customer's request. Our projects include:

- Formulation: selection of active substances (vitamins, minerals or plant extracts) and excipients
- Package materials: selection of unit box, foil, container or bottle and if necessary, drop measuring tool
- Necessary research that is needed to be made to release the product to the market.

We cooperate only with verified suppliers of raw and packaging materials; as well as the production is outsourced to renowned production plants that work in accordance with **GMP / HACCP / ISO 22 000:2018**.

As an additional service we can prepare notification of customer's product to authorities.

The delivery time is approximately 16 weeks (depends on the type of product).

We do hope our offer match your needs and expectations. If so, please do not hesitate to contact us for further discussions.

Best regards  
CEO Stefan Koziorski
